## The Purpose

The van was custom built to bring a One Stop Career Center (on wheels) to locations that are convenient and accessible to the public. It is a part of a system of services and complements the five centers located in Atlantic City,

Pleasantville, Hammonton, Rio Grande and Wildwood.

## Services Offered:

The van will target youth and young adults between the ages of 14 to 21 and provide the following services:

- ◆ Orientation to the One Stop System in Atlantic and Cape May counties
- ◆ Career Assessment
- ◆ Workshops (Job Readiness & Life Skills);
- ◆ Job Search Activities
- ◆ Resume Writing

Down the road, the Job Development Van foresees expanding the types of services offered and providing them to the adult population as well.

## Locations

Many locations have been identified within the community that would benefit from a visit from the Job Development Van. The van visits area businesses and alternative schools and is available on a first come, first serve basis to attend special events, such as job fairs, graduations, community activities and grand openings.

## Business Partnerships

Business partnerships are essential to connect the employer with qualified employees. For this reason the van is available on a monthly basis to visit local businesses and help with recruiting needs and job placements.

In addition the van may visit locations to hold job readiness and resume writing workshops as well as special events. Interested business should contact (609) 485-0052 ext. 183 or 184.

Businesses may also post employment applications and other materials in the "Jobs At a Glance" display aboard the van.
